#### **Saint John's Health Development Network, Inc., and the Law Office of Patrick J. Page, Attorney at Law, Inc., Saint Paul, Minnesota**

##### **Vice President September 2002 to Present**

As member of executive team, developed and defined policies and procedures used to guide international medical professional recruitment program; participated in and managed sales negotiations with clients, beneficiaries, and vendor partners in the United States and overseas; developed and managed recruitment projects producing annual revenue streams between \$150,000.00 and \$750,000.00.

Special areas of expertise and innovation: managed the development of multiple websites and databases to support operations, including <https://www.pageonimmigration.com>, an industry standard immigration case management and international recruitment website and online case management system; oversaw case management of multi-beneficiary recruitment projects to ensure successful acquisition of all credentials required to successfully process immigrant and H1B petitions filed by the Law Office of Patrick J. Page.

Extensive international travel to meet with business partners and to manage and oversee health professional recruitment events in Manila and Cebu, Philippines. In January 2005, traveled to Northern Samar, Philippines as representative of Saint John's Health Development Network on medical mission with the Philippine Minnesota Medical Association--the mission was co-sponsored by Saint John's Health Development Network and the Law Office of Patrick J. Page.

**Equus Computer Systems, Inc., Minneapolis, Minnesota**  
**Corporate Quality Assurance Specialist**  
**April 2000 - September 2002**

Developed first-of-their-kind policies, procedures, and work instructions in collaboration with Minnesota branch operations managers that were in conformance with the ISO 9002-1994 standard; promoted and supported the implementation of these approved policies and procedures through development and maintenance of Quality Management system certified according to the ISO 9002-1994 standard by independent ISO auditor; managed team of operations managers responsible for maintaining Internal Audit and Corrective Action program; oversaw recertification process during annual external audit.
